Funding for programs this past year has been challenging for many organizations. How has your organization tackled this to ensure that the vital work you are doing has the resources available to continue? What has been the biggest challenge in this area that you have had to overcome and how have you done that:

In Pope Leo XIV's Apostolic Exhortation Dilexi Te, he shares that Pope Francis recalled "our response to the challenges posed by contemporary migration can be summed up in four verbs: welcome, protect, promote, and integrate. Yet these verbs do not apply only to migrants and refugees. They describe the Church's mission to all those living in the existential peripheries, who need to be welcomed, protected, promoted, and integrated". He later writes of St. Teresa of Calcutta who proclaimed "We are wanting to proclaim the good news to the poor that God loves them, that we love them, that they are somebody to us, that they too have been created by the same loving hand of God, to love and to be loved. Our poor people are great people, are very loveable people, they do not need our pity and sympathy, they need our understanding love. They need our respect; they need that we treat them with dignity".

- Pope Leo XIV Apostolic Exhortation Dilexi Te

All applicants, thinking about Pope Leo's message above, please answer the following question:

How does your organization "welcome, protect, promote, and integrate" those you serve? In what ways, is your work a reflection of this reminder from Pope Leo, Pope Francis, and St. Teresa of Calcutta that "Every human being is a child of God!" and "We ourselves need to see and then to enable others to see (those we serve) are brothers and sisters to be welcomed, respected, and loved with dignity".

Parish Based Projects

Please describe in detail the project that you are requesting funding for:

Please share one example of the problems or needs that your parish is addressing and why this work is necessary in your local community:

Which of the Seven Corporal Works of Mercy does your project touch and how do you affect change in this area:

How has your parish project/ministry utilized Catholic Social Teaching in guiding the direction of your work?

What specific needs will you use CCHD funding to address:

Please share one example of how your parish community supports the work of this project/ministry:

Please provide one example of how your project/ministry leadership collaborates with other area parishes, churches, and other organizations to address the underlying needs and root causes of poverty and discrimination in your community:

Please provide one example of how your parishioners are involved with this project and specific ways they show their support:

Funding has been challenging for many non-profit organizations this past year. How has your ministry or project helped to fill need gaps in the community due to the strain of funding challenges and how can you partner more often with local non-profit organizations to ensure that families in need are able to receive services:

In Pope Leo XIV's Apostolic Exhortation Diolexi Te, he shares that Pope Francis recalled "our response to the challenges posed by contemporary migration can be summed up in four verbs: welcome, protect, promote, and integrate. Yet these verbs do not apply only to migrants and refugees.
